

**BOARD OF SECONDARY EDUCATION
MANIPUR**

IMPORTANT INSTRUCTIONS TO THE STUDENTS APPEARING IN THE H.S.L.C. EXAMINATION, 2020

1. The H.S.L.C. Examination for 2020 will be conducted on the newly designed answer khatas for different subjects. The answer khatas for each subject will be in portrait form having lines and double margins on each pages and for Mathematics double margins only on each pages.
2. All answer khatas for Science and Social Sciences subjects shall have three separate sub-components.
In respect of Science subject, the sub-components are:
(i) Chemistry (ii) Physics and (iii) Biology.
In respect of Social Science subject, the sub-components are:
(i) Geography (ii) History and (iii) Civics and Economics.
3. Map whenever required will be supplied by the Board in Geography and History parts separately and will become a part of answer khatas. No separate map will be provided to the students. Students will not be asked to draw map.
4. In all parts of Science and Social Science subject, watermark label stating specific sub-component along with B.S.E.M. mark will be printed in the answer khatas of each sub-component. Students should write their answers of the questions of each sub-component in its specified pages only of answer khata. When answers are found mixed up in the answer sheet pages of a specific sub-component subjects, answers given for the questions beyond the specific sub-component subject will not be evaluated.

e.g. In the answer sheet of Physics subject, answer of Chemistry/Biology are found, the same will not be evaluated.

Likewise in the answer sheet of Geography subject, answer of History/Civics and Economics are found, the same will not be evaluated.
